

BUZOVNA CONFERENCE AND LEISURE CENTER

Newly established Buzovna Conference and Leisure Center (BCLC) is located in Buzovna district. BCLC has a huge variety of energetic and relaxing activities, sessions and courses for people of all ages and abilities.

BCLC has been not only place for employees and students, but also place for various research events which are actively taking place even today. One of the earliest activities that took place in Buzovna Conference and Leisure Center in 2021 was Khazar University Management Meeting on Strategic Issues.

At the meeting, the university administration recommended the establishment of appropriate working groups to address the issues ahead and make the right decisions based on broader discussions, wished the staff a good rest and success in the new academic year.

BCLC has been a no-boundary campus from the beginning. It is open to the public and visitors to walk in and out freely, therefore people in the community enjoys taking advantage of the beautiful environment of the university for recreation or sports.

There are fantastic array of facilities including open swimming pool, large gym with the latest fitness equipment, restaurant, conference space, health suite and outdoor courts with flood lights; ideal for tennis and mini football. In this flexible space BCLC has various fitness classes, meetings and community events. The conference space is perfect for conference combined with exhibitions, workshops, trainings and brainstorming sessions during the conference.

The Library is an integral part of the Centre with access to a wide range of library services and a suite of PCs as well as free Wi-Fi, an attractive adult and children's library, comfortable seating areas and study spaces with a wide range of books for all ages.

They are linked to the Khazar University LIC and customers can use continue to use their Khazar University membership card and all stock can be returned to the Khazar University library.

This library does have a regular supply of books on the Arts, Azerbaijani history and literature, children 's books and also scientific and popular journals and magazines.
