Raising The Posters of President Ilham Aliyev Of Azerbaijan

By Shahn Aliyev

It is a matter of pride to raise the posters of President of Azerbaijan Ilham Aliyev and "İm Fət" at the action in New Caledonia.

It should be emphasized that Azerbaijan attaches special importance to the development of cooperative relations and friendly relations with African states and the African Union, and supports the activities carried out by the countries of the continent for the sake of ensuring the sustainable development of African states. In this context, Azerbaijan's presidency of the Non-Aligned Movement, as

independence in New Caledonia. At the same time, on October 21, 2023, a meeting was held between the delegation of New Caledonia, including the Deputy

General Secretary of the Caledonian Unity Party, David Vanabo, in the National Assembly.

Mr. President Ilham Aliyev spoke about the growth of neo-colonialism tendencies in the example of France. France does not respect the sovereignty of Mayotte Island of the Comar Islands in the modern world, as well as the freedoms and liberties of the people of New Caledonia, as well as the people living in other overseas communities and territories.

This country should apologize to Africa, Southeast Asia and other countries that are members of the Non-Aligned Movement for its colonial past, bloody crimes, acts of genocide. But against this backdrop, France has the Corsican language. France, tired in bloody crimes, does not accept the concept of ethnic minorities. Furthermore, he shows himself as a defender of the Armenian national minority in Azerbaijan.

The fact is that France is a country that openly supports Armenian separation from the day it was founded in Azerbaijan. France should deal with its own problems rather than meddling in the internal affairs of other countries. Because today France's insidious plans regarding Azerbaijan have failed.

The successful domestic and foreign policy of President Ilham Aliyev has led to planned reconstruction works in our territories freed from occupation. In this sense, the Non-Aligned Movement must be fairly assertive, and double standards, and control the threat.

All this is important to strengthen friendship and relations between Azerbaijan and African countries. Always standing by the truth and justice, Azerbaijan is standing against the injustices happening in Africa!
